**SUBJECT: Cox Communications Video Service Application**

Dear Mr. Morris

In accordance with California's Digital Infrastructure Video Competition Act (DIVCA), CoxCom Inc., doing business as Cox Communications, respectfully submits the following amendment to our existing state authorized Franchise Number 003 to provide video service in the **City of La Mesa and the County of San Diego** in areas covered by expiring local franchises.

Per our prior conversation, I wanted to let you know that the two franchises have different expiration dates (La Mesa - midnight May 3, 2008 and the County of San Diego - midnight June 30, 2008). We would request the state franchise amendment covering the La Mesa area be effective on May 4, 2008 and the County of San Diego areas be effective on July 1, 2008.

Additionally, Cox requests the following information remain confidential:

- Number of Households Offered Video Service
- Number of Households Offered Broadband Service
- Number of Households Subscribing to Video Service
- Number of Households Subscribing to Broadband Service

Enclosed is a copy of the state authorized franchise amended application, pursuant to California Public Utilities Code § 5840(e)(1)(D). We have mailed copies of this application to the aforementioned local franchise authorities.

Should you have any questions or require additional information, please contact me at 760-445-0771, 619-266-5370 or Joe.Gabaldon@Cox.com.

Sincerely,

Joe Gabaldon  
Manager of Government and Community Relations  
Cox Communications San Diego

Enclosure: State Franchise Application
